You have the option of keeping your pet separate from others, please specify. We recommend having your pet integrated with others so your pet's social state of mind remain happy while you're away. If you wish to have your pet spend time with others, we will introduce your pet to a group they'll be comfortable with and one that exhibits similar mental and physical energy. Your pet will enjoy playtime, hikes, swimming and other fun activities. Your pet will never be with aggressive k9's but fights can occur; we strive for fun and comfort so misbehaving dogs are removed from group settings immediately.
